Request to Recapture Information on
Attached Supplemental Application Data Sheet Under 37 C.F.R. § 1.76(c)

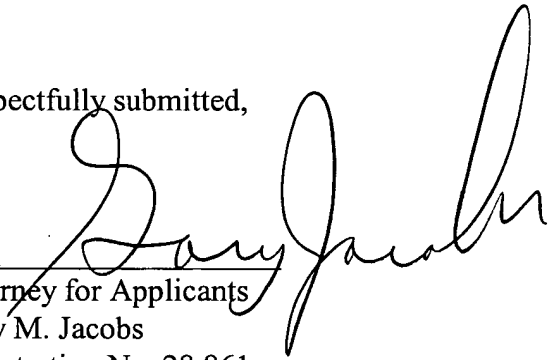

Sir:

On September 24, 2003, Applicants filed the above-identified application without an executed declaration but with an Application Data Sheet. The Application Data Sheet inadvertently failed to include Syuhei Kawasaki as one of the inventors. Accordingly, Applicants are filing herewith the attached Supplemental Application Data Sheet that lists this inventor as one of the inventors, along with his address and citizenship, and request that the Patent Office recapture this bibliographic data from the Supplemental Application Data Sheet. This request does not constitute a change of inventorship because an executed declaration has not

yet been filed, as discussed in MPEP §601.05 (Original Eighth Edition, February 2003 Revision), page 600-24. When the executed declaration is filed, it will include Syuhei Kawasaki as one of the inventors.

Applicants' undersigned attorney may be reached in our Washington D.C. office by telephone at (202) 530-1010. All correspondence should continue to be directed to our address given below.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Gary Jacobs", written over a horizontal line.
